

Tool Backpack

An ergonomic, all-purpose tool backpack with two large, zippered compartments. Both compartments' zippers fully open which allows you to fold down the outer side completely, giving you maximum overview and access. Through a zipper on the side, you can also access a third compartment between the two large ones - it is padded and perfect for storage of laptops, tablets and documents. It can fit laptops up to 15". The bag is made from an extremely durable ballistic polyester - 1680 Denier – for maximum wear resistance and service life. On the front of the bag, you'll find a large pocket with a buckled strap for securing large or unruly equipment, materials, cables and components. The bag has medium sized pockets with lids and zippers for safe storage of sensitive equipment, transparent pockets making it easy to find what you are looking for and straps for securing power tools and chargers. Pockets with alternating red and black fabric make it easier to tell different tools and pockets...

MORE INFO
